#### Who we are

- 'Nijiiro' means rainbow in Japanese. Since the establishment of Nijiiro Diversity in 2013, the organization has been encouraging diversity and inclusion in the workplace.
- We are the first non-profit organization in Japan to take on issues like LGBTQ+ discrimination in the workplace, and attempts to create change by providing research data, informational lectures, training and consultations for corporations, government agencies and academic institutions.
- Maki Muraki is the founder/director of Nijiiro Diversity. She is a lesbian and one of the most renown LGBTQ+ activist in Japan.

## LGBTの社会的課題について

日本ではLGBTに関する法整備が遅れており、婚姻の平等も、 職場における平等も実現していません。性別変更には手術を 含む厳しい要件があります。

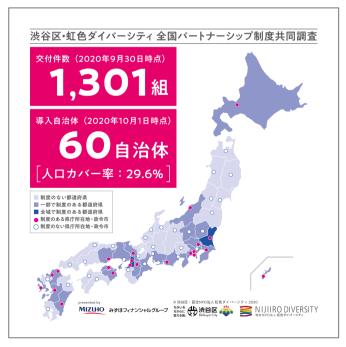

差別的言動はいまだに多く、LGBTのうつや自死による社会的損失は年間数千億円と試算されています。

LGBT施策に取り組む企業や自治体は増えていますが、社会の中での可視化は不十分です。

#### Japan Today

- We still don't have legal rights such as marriage equality and workplace equality in Japan. In order to change your gender, you will need a medical certificate and complete the gonadal removal surgery.
- Discriminatory behavior toward LGBTQ is common and found everywhere.
  Many LGBTQ people quit schools and quit jobs. It causes reduced social health and reduced personal health.
- LGBTQ people are still invisible in the real world because coming out is very difficult. Many people keep silent in the policy making process.
- LGBTQ issues are a low priority during this COVID-19 pandemic.
